

Building Healthier Communities Together

We connect health and social care.

Our Connection to this Work

Our digital infrastructure supports individuals seeking services across the nation.

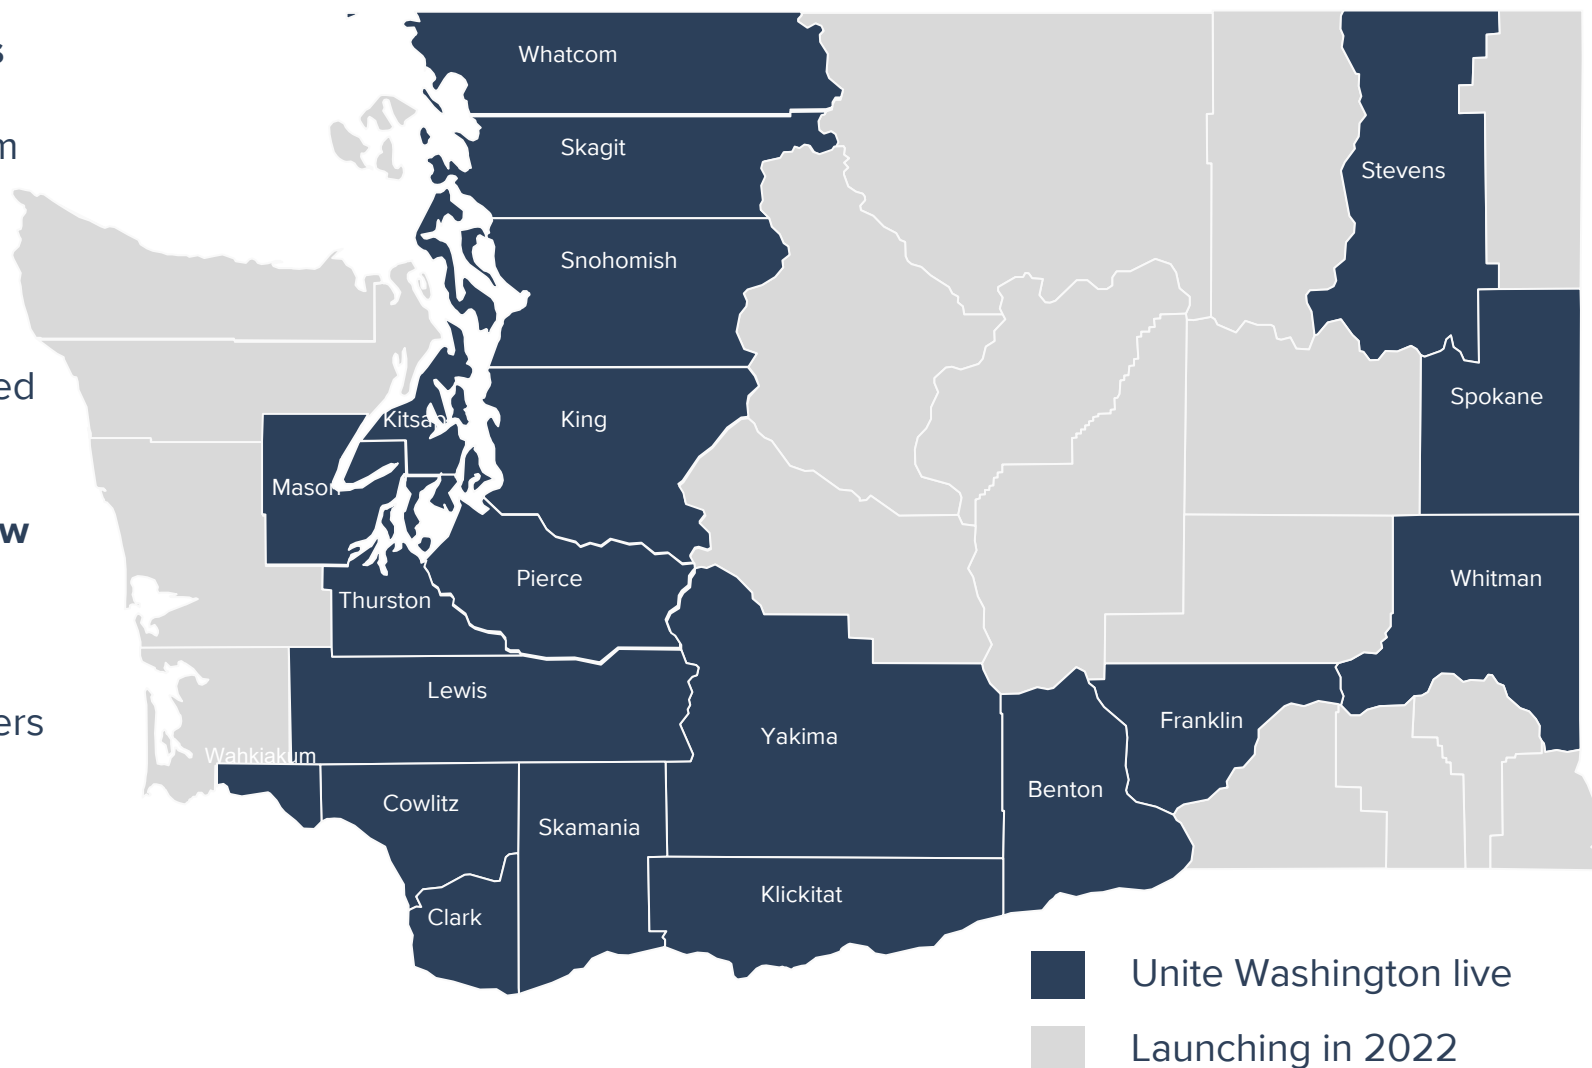

- Active Unite Us networks
- Unite Us networks in progress
- No active networks

UNITE WASHINGTON

- ❖ Technology company that **connects health and social services** via the Unite Us shared technology platform
- ❖ **Closed-loop referrals**
- ❖ **Live network in across multiple counties** with 300+ community-based organizations
- ❖ Participation varies. **YOU let us know how you want to participate.**
- ❖ **No cost to community-based orgs** and to most community health centers
- ❖ **Support provided.** From technical assistance to training to IT support

The Vision

A person-centered, community-based system, where:

People are easily **connected to the *right* service, quickly and efficiently.**

Service providers can **view, coordinate, and collaborate** on their clients' care beyond the services they provide.

Outcomes data is tracked and leveraged to demonstrate impact, increase visibility of gaps in services, and improve access to services for all.

“When I started working here, it was overwhelming to see all the possible resources and try to decipher which is the best fit. That’s why I like Unite Us, because I can filter the broad list of resources to find the resources that are the best fit for the individuals that I’m working with”

Tobey Solomon-Auger, Food Bank Manager, FamilyWorks Seattle

“If you desire meaningful change in our communities, you need to be on the Unite Us platform—it's that simple. Whether you are a community leader, health worker, or activist, what is the goal? Here is a platform that creates the linkage.”

Annah Irungu, Executive Director, Teenagers Plus

Who's Involved

Network Partners

Send and receive referrals, share client updates, actively maintain their organization's profile, guide how best to implement the network within their region based on realities on the ground.

Funding Partners

Catalyze regional efforts to impact health and wellbeing, provide strategic guidance for the creation of the coordinated care network, fund community partner access to the network, and promote network growth.

Convening Partners

Catalyze regional efforts across different sectors; convene local leaders to provide inclusive, community-led strategies and governance; and enable interoperability between existing networks.

Unite Us

Coordinates ongoing community engagement and partner onboarding, provides ongoing training and support to users, monitors aggregate engagement data to provide support to partners, and solicits feedback.

Client privacy is our priority.

1

We never share client data without **consent**.

Consent offered in +50 languages

2

We **protect** clients' most sensitive information.

Substance use and other sensitive information is never shared beyond the service provider.

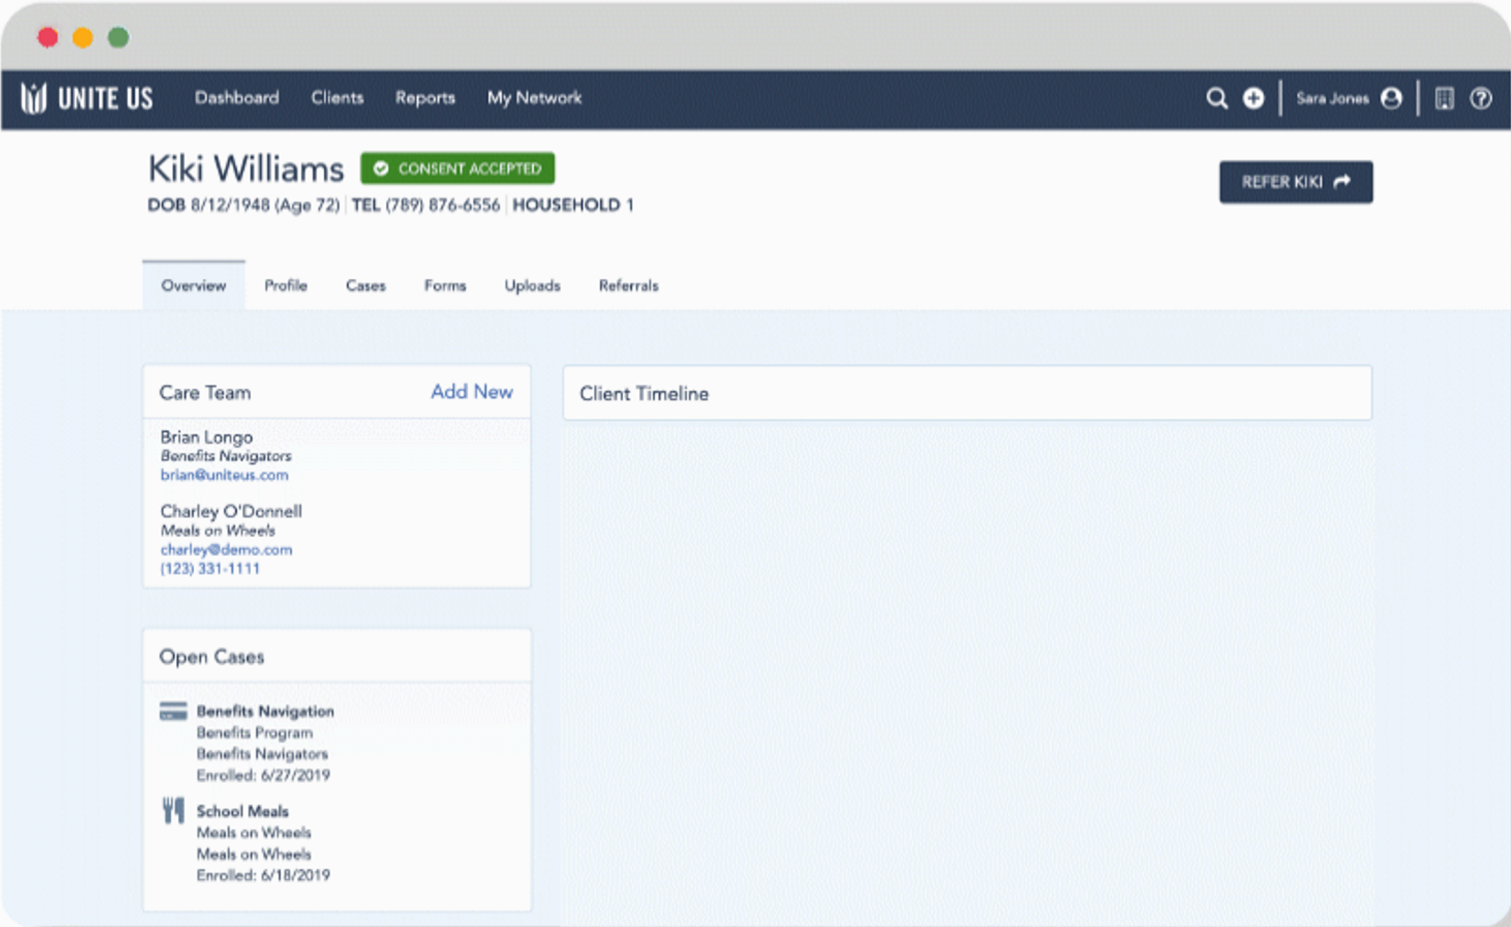

3

We keep client data **secure**. Period.

The Unite Us Platform is **HIPAA** compliant and **HITRUST** certified.
